

PartiCraft

Project Sheet: Sparkle Hearts

What you need:

- Unmounted Stamp Plate – Birthday
- UMount & Acrylic Block
- Cardstock – White & Black
- Archival Black Ink Pad
- Clear Perfect Medium Ink Pad
- Cosmic Shimmer Clear Embossing Powder
- Cosmic Shimmer Glitter – Aurora Sparkle
- 3D Foam Pads
- Dries Clear Glue
- Purple Cows A5 Multi Cutter
- Heat Tool

INSTRUCTIONS

- 1) Stamp the Heart design eight times onto white cardstock using black archival ink, and heat emboss using Cosmic Shimmer Clear Embossing Powder.
- 2) Cut the 'centre' heart out of four of them and mount onto the remaining 'whole' hearts using 3D Foam Pads.
- 3) Add a small amount of Dries Clear Glue to the outer edge of the larger hearts, and the swirls and flower of the smaller hearts and sprinkle with Cosmic Shimmer Aurora Sparkle Glitter. Tap off the excess and set aside to dry.
- 4) Take a piece of black cardstock and randomly stamp the heart image using the Clear Perfect Medium Ink Pad, then heat emboss using Cosmic Shimmer Clear Embossing Powder. Cut this down to 7" x 8" and mount onto a slightly larger piece of white cardstock.
- 5) Cut two ¼" wide strips of white cardstock and mount onto the card so that they cross in the centre and form four black boxes (as seen above)
- 6) Mount the four hearts into the centre of the black boxes using 3D Foam Pads.
- 7) To finish, mount the above onto a black card blank.
